- API Integration: Familiar with integrating REST APIs using Fetch and Axios.
- Comfortable working with VS Code, Figma (basic), and package managers like npm.
- Problem-Solving
- Adaptability
- Continuous Learning

Summary

Dynamic Frontend Developer with a track record of creating fast, scalable, and visually engaging websites, combining technical precision with creative design

WORK EXPERIENCE

Frontend Developer, 07/2024 - Current

YODO, Lahore, Pakistan

- Developed and deployed multiple responsive web applications using HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, and React.js, including an e-commerce website built for learning, where users can browse products, add items to cart, and experience a smooth shopping flow.
- Collaborated with designers and backend teams to deliver user-friendly interfaces, integrate RESTful APIs, and implement reusable React components with efficient state management for performance and scalability.
